SMART Reading

Children who attend Sisters Afterschool Program may participate in the SMART reading program. SMART (Start Making A Reader Today) is a nonprofit organization that partners with schools to help kids become confident readers. SMART accomplishes this goal by providing children with individual volunteer attention and new books to take home and keep.

As volunteers become available, your child may be included in SMART, which means that:

- Trained volunteers will read one-on-one with your child for an hour a week during the school year.
- Your child will receive new books to take home to keep, extending literacy support into the home.

SMART provides the reading program at no cost to the children, families or our school partners.

If you do not wish for your child to participate in SMART please contact the school as soon as possible.

For more information about SMART go to www.GetSMARToregon.org or call 541.355.5600.
